## 4. Memoria Points, Task & Rewards

### i. Memo Points

These points are a form of currency on the Memoria platform. Accumulating them will unlock \$MEMO airdrop rewards.

### i. Referral System

Memoria platforms allow users to share their own Referral ID with friends to gain referral rewards. Referred users will require to input Memoria Code in order for both parties to earn 2,000 Memo Points. Max cap of 15 Referral only.

Referral ID - X's (formerly Twitter) username

### ii. Daily Rewards

Users can earn daily Memo-Points through our Daily Spin feature. The Daily Spin resets every 24 hours, allowing you to claim your rewards once per day.

### iii. Points Task

The Memoria Points Task system offers users the opportunity to earn Memo-Points by completing specific tasks. These tasks include both featured tasks and time-limited challenges, each with its own set of requirements and rewards. Completing these tasks regularly will allow you to accumulate points, incentivizing engagement with the platform.

### iv. Playing Memoria Idle Chronicles

By actively engaging in Memoria Idle Chronicles, you'll earn additional Memoria Points that are automatically added to your account. These points are often linked to in-game achievements, progression milestones, and level advancements. This system rewards players for their in-game activity, allowing you to boost your point balance as you make progress through the game.
